OFFICE OF THE DIRECTOR-GENERAL
OF THE POST OFFICE IN INDIA,
January 1st, 1859.

THE following Conditions are to be observed in sending Book-Packets by Post:—

1st.—The Postage must be pre-paid in full, by means of Postage Stamps affixed outside the Packet on its cover.

2nd.—Every Packet must be sent either without a cover, or in a cover open at the ends or sides, so as to admit of the enclosures being removed for examination.

3rd.—The Packet may contain any number of separate books or other publications, prints or maps, and any quantity of paper, parchment or vellum (to the exclusion, however, of letters whether sealed or open) and the books or other publications, prints, maps, &c., may be either printed, written or plain, or any mixture of the three. Further, all legitimate binding, mounting, or covering of a book, publication, &c., or of a portion thereof, will be allowed, whether such binding, &c., be loose or attached; as also rollers in the case of prints or maps, markers (whether of paper or otherwise) in the case of books; and in short whatever is necessary for the safe transmission of literary or artistic matter or usually appertains thereto.

4/h.—The Packet must not contain any letter, closed or open, or any enclosure sealed or otherwise closed against inspection, nor must there be any letter, or any communication of the nature of a letter, written or printed in any such Packet or on its cover. Entries, however, merely stating who sends the book, &c., or to whom it is given, are not regarded as a letter.

5/h.—No Book-Packet can be received if it exceeds two feet in length, width, or depth.

6/h.—Any Packet which shall not be open at the ends or sides, or shall have any letter or any communication of the nature of a letter written or printed in it or upon its cover will be charged with Letter Postage.

7/h.—If a Packet be found to contain any letter, whether closed or open, or any enclosure sealed or otherwise closed against inspection, or any other unauthorized enclosure, the letter or enclosure will be taken out and forwarded to the address on the Packet, charged with full Postage as an unpaid letter together with an additional Book-rate; that is, with the Postage chargeable on a Book weighing not more than half a lb, the remainder of the Packet, if duly pre-paid with Stamps, will then be forwarded to its address.

8/h.—If a Packet be not sufficiently pre-paid with Stamps but nevertheless bear Stamps equal to a single Book-rate, it will be forwarded charged with the deficient Book-Postage together with an additional Book-rate; but any Packet which shall not bear Postage Stamps equal to a single Book-rate will be detained and charged with the Letter Postage.

9/h.—No Book-Packet weighing more than three lbs can be sent to or from the East Indies or to New South Wales.

10/h.—The Colonial Book-Post extends to those Colonies only which are so marked in the Table of Colonial and Foreign Postage.

11/h.—In no case can a Book-Packet be sent to the Colonies (except at the letter rate of Postage,) through a Foreign Country.

SPECIAL Notice is directed to the subjoined Clauses of Rules, the want of attention to which has occasioned the Post Office much inconvenience.

2nd.—A separate instruction will be required for every change of address, and no instruction will be attended to for more than three months after its receipt.

3rd.—Under Section XXIII of Act XVII. of 1851, Forward Postage will be charged in addition to all other Postage due or paid thereon upon every letter without exception, which may be re-directed in any Post Office. For example, if a letter posted in Calcutta and addressed to Hooghly is, under instructions which may have been received from the addressee, re-directed in the Calcutta Post Office and sent to Barrackpore, Forward Postage will be charged in addition to the Postage which would have been due, had the letter been despatched to Hooghly according to its original address.

4/h.—The practice of giving instructions to the Officers of the Post Office to intercept and re-direct letters, not only imposes much labor upon them, but in large Offices seriously retards the delivery and despatch of the Mails. A register of instructions regarding changes of address will be kept in every Post Office, but it must be understood, that it is impossible to guarantee that they shall be attended to, except in the case of letters received for delivery.

THERE is only one delivery of letters at the General Post Office on Sundays, and Banghy Parcels are neither received nor despatched on that day.

LETTERS and Newspapers despatched to and from the United Kingdom by private Vessels are liable to the following rates of Postage which must be pre-paid by Stamps :—

				Rs.	As.	Pie.
Letters not exceeding $\frac{1}{2}$ oz. in weight	...	...	...	0	4	0
Ditto exceeding $\frac{1}{2}$ oz. but not exceeding 1 oz.	...	...	...	0	8	0

And so on adding 8 annas for each oz. or fraction thereof which includes Inland Postage.

Newspapers not exceeding 4 oz. in weight, 1d. or 8 pie must be pre-paid by Stamp, and no Inland Postage is required upon such papers.

Parcels conveyed by the above opportunity for the United Kingdom are liable to Letter rates of Postage.

Notice.

THE following is an Extract of an Order of the Government of India, No. 884 of the 13th July 1855 :—

“ No Public Officer is authorized to send Covers on the Public Service by Post, without payment of Postage, unless he is at the time on active duty and in charge of the Office by virtue of which the privilege is enjoyed. All letters superscribed as ‘ on the Public Service only ’ must, even though the Postage thereon be not paid, be received and opened by the Officer to whom they are addressed, but if any such, or partially paid letter so superscribed, and addressed to any Officer except a Secretary to Government be found when opened, to relate to the private affairs of the Sender, the Postage will be debited to him and he will be further liable to be dealt with under Section XLVII., Act No. XVII. of 1854.

His Honor in Council further directs that unpaid or insufficiently paid letters addressed to any such Officer or Department and not superscribed “ on the Public Service only ” be refused, or if opened that it be at the risk and cost of the opener.”

[1911]

LETTERS arriving at the Presidency Towns by Mail Steamers will be immediately sorted for delivery according to the address alone, without any reference to instructions which may have been received regarding change of address; such changes will be left to be discovered by the Delivery Officers, and be corrected in the forward and unclaimed Departments of the Office.

Forward Postage will be charged in addition to all other Postage due or paid thereon, upon every letter, without exception, which may be re-directed in the Post Office.

Letters, &c., received by the Steamer will be delivered at the Window of the Post Office only to parties who have registered their names. Applications to the Post Office on the day of the Steamer's arrival to intercept and re-direct letters, &c., cannot be attended to, as they are found not only to impose much labour but seriously retard the delivery and despatch of the Mails.

UNDER the orders of Government, no fourth delivery of letters by the Post Office is allowed. Mails which are received by Steamers from Suez at so late an hour in the day as not to admit of the letters being taken out for delivery by 6 p. m. are detained till the following morning, but parties who have registered their names under the usual fee are entitled to receive their letters and Marseilles Newspapers so soon as the Mails are sorted, and which is generally about 2½ hours after receipt of the Mail, at the Post Office.

Forward Newspapers.—Extra or Forward Postage is chargeable on every Newspaper re-directed at the Post Office of original address and forwarded to another Post Office.

MAILS for Akyab, Rangoon, and Moulmein are made up on the 1st and 17th of each month, for transmission by the Contract Steamers or by Government Vessels, which sail on the morning of the 2nd and 18th, unless the Contractors choose to postpone the departure for 48 hours, of which they have the power on making a requisition.

VII. XI. No person required by this Act to take out a license shall be allowed to recover in any judicial suit or proceeding any money, debt, or charge claimed by him in respect of any dealing in Tobacco exercised by him after the said 1st day of January 1861, unless such person shall, if required, prove to the satisfaction of the Judge or other Officer presiding at the trial, that at the time

when the contract was entered into he had duly obtained a license in conformity with this Act, or that he was exempted as herein provided.

XII. The Collector or other Officer as aforesaid may at all reasonable times require persons liable under this Act to take out licenses to produce the same, and any such person who shall when so required neglect or refuse without reasonable excuse to produce and show his license when required so to do, shall on conviction before a Magistrate be liable to a penalty not exceeding fifty Rupees.

XVII. The Government may authorize the Collector to allow to any person employed in collecting Duties under this Act and for keeping the account mentioned in the foregoing Section, such commission, not exceeding three per cent on the amount collected, as the Collector may think fit.

XVIII. All the provisions contained in Part XIX of Act XXXII of 1860, so far as they are applicable, shall have the same effect as if the same had been repeated and enacted in this Act.

XIX. All offences under this Act made punishable by any penalty may be prosecuted in the same manner as offences punishable by fines may be prosecuted under Act XXXII of 1860.

XXI. Nothing in this Act shall be construed as saving of other Laws relating to licenses, to alter or affect the provisions of any other Law or Regulation relating to licenses.

XXII. It shall be lawful for the Governor-General of India in Council from time to time to make rules for the guidance of Officers in matters connected with the enforcement of this Act, provided such rules are not inconsistent with any of the provisions herein contained.

LEGISLATIVE COUNCIL OF INDIA.

Fort William, the 8th September 1860.

Notification.—The Hon'ble Sir Charles Robert Mitchell Jackson, Knight, one of the Judges of the Supreme Court of Judicature at Fort William in Bengal, having been appointed by the Right Hon'ble the Governor General to be a Member of the Council of the Governor General of India for making Laws and Regulations, has this day taken the oaths and his seat in the Council.

M. WYLLIE,
Clerk of the Council.

THE 1st SEPTEMBER 1860.

THE following Bill, as settled in Committee of the whole Council, was ordered to be published for general information, and to be re-considered after six weeks :—

A Bill for imposing a Duty on Arts, Trades, and Dealings, and to require Dealers in Tobacco to take out a License.

WHEREAS it is expedient to impose a Duty on Arts, Trades, and Dealings, and to require dealers in Tobacco to take out a License; It is enacted as follows :—

I. Section V Regulation I. 1816 of the Madras Code ~~for declaring the contributions hitherto paid in the Province of Tanjore on account of the Cavalry Police appropriate to the support of the new Police, established or to be established in that Province; for regulating the collection and assessment of those contributions, and for extending and modifying the house tax, hitherto collected for Police purposes in the Province aforesaid; and so much of Clause 1 of Section VI of the said Regulation as requires the Collector of Land Revenue to levy and receive the house tax, Regulation IV. 1818 of the same Code (prescribing rules for the assessment and collection of the Veesabuddy or Tax upon the profits of trade in the Provinces known by the appellation of the Ceded Districts or the Zillahs of Bellary and Cuddapah; and Regulation V. 1832 of the same Code (relating to the liability of persons exercising certain arts, trades, and professions to the Mokhtarfa Tax), shall be repealed from~~

the time at which this Act shall come into operation, except as to any Tax which may then remain due and payable under the said Regulations.

II. From and after the 1st day of January 1861, every person or partnership in India who shall exercise any lawful art, trade, or dealing, for gain or profit shall be required to pay the Duty specified in Schedule A of this Act.

III. From and after the said 1st day of January 1861, every person in India dealing in Tobacco, shall be required to take out a license for each shop or place of business in which he shall so deal in Tobacco. Every license granted under this Act shall specify the date of the grant thereof, the true name of the person to whom the same is granted, that such license is granted for dealing in Tobacco, the sum to be paid annually for dealing in Tobacco so long as such license continues, and the place at which the grantee is licensed to sell or deal in Tobacco. No license granted under this Act shall be transferable except as hereinafter provided.

IV. Licenses to deal in Tobacco under this Act shall be granted by the Collector of Land Revenue, or by a Deputy Collector or person exercising the full powers of a Collector, or by any person specially authorized by Government to grant such licenses.

V. Every person to whom such license shall be granted shall, for every year during the continuance of such license, pay the rate of Duty specified therein not exceeding the rate mentioned in Schedule B; and such Duty shall be payable in advance half-yearly, or in such other manner as shall be specified in the license.

VI. Every license granted under this Act shall have effect and continue in force from the day of the date thereof, until the same shall be surrendered by the grantee to the Collector

or such other Officer as aforesaid, or until the expiration of the current year of such license in which the grantee shall have received notice from the Collector, calling upon him to renew such license at a different rate of Duty. No surrender of a license shall release the grantee from liability to pay any Duty that would otherwise be payable during the current year.

VII. If any person who has taken out a license under this Act, shall die during any portion of the year, in respect of which he has paid Duty in advance, no further Duty shall be payable under the license unless the dealing shall be carried on by his representative or by some person to whom the license has been transferred. Whenever any person shall die or assign his trade or dealing in respect of which a license has been granted, his representative or any person to whom the license shall be transferred, shall be liable to pay the Duty mentioned in the license for the period during which such representative or other person shall carry on the trade or dealing under the same, in the same manner as if the license had originally been granted to him.

VIII. The Collector or other Officer as aforesaid shall, subject to the provisions of the Schedules of this Act, determine under what class every person by whom any Duty is payable under this Act shall be assessed, and shall have authority to exempt from payment of any Duty hereby imposed, any person of whose inability to pay the same he may be satisfied, and the person so exempted shall not be liable to pay any Duty under this Act. Such person shall receive a certificate of such exemption.

IX. On or before the first day of January in every year, the Collector or other Officer as aforesaid shall make out a list of the persons liable to pay Duty and to take out licenses under this Act, which list shall state the art, trade, or dealing of each of the persons therein named, or that such person is dealing in Tobacco, the class under which he shall be assessed, and the tax payable by him, and extracts therefrom shall be published in each Thannah or other convenient Division, with the names of such persons as shall reside therein, and such list shall be filed in the Office of such Collector or other Officer as aforesaid.

X. After the said first day of January 1861, if any person shall deal in Tobacco without having taken out a license as required by this Act, he shall be liable on conviction before a Magistrate to a penalty not exceeding ten times the amount which in the judgment of the Magistrate would have been payable by such person in respect of a license duly taken out as aforesaid.

XI. No person required by this Act to take out a license shall be allowed to recover in any judicial suit or proceeding any money, debt, or charge claimed by him in respect of any dealing in Tobacco exercised by him after the said 1st day of January 1861, unless such person shall, if required prove to the satisfaction of the Judge or other

Officer presiding at the trial, that at the time when the contract was entered into he had duly obtained a license in conformity with this Act, or that he was exempted as herein provided.

XII. The Collector or other Officer as aforesaid may at all reasonable times require persons liable under this Act to take out licenses to produce the same, and any such person who shall when so required neglect or refuse without reasonable excuse to produce and show his license when required so to do, shall on conviction before a Magistrate be liable to a penalty not exceeding fifty Rupees.

XIII. All Duties payable under this Act shall be collected by the Collector of Land Revenue or by such other person not being an Officer of Police as he shall appoint, subject to such general rules as shall be laid down by the local Government for his guidance in that respect.

XIV. Every person who shall refuse to pay on demand made upon him or left at his usual place of business or residence, any Duty which shall then be payable under this Act, shall be liable to pay a penalty not exceeding three times the amount of the Duty payable, which shall be recoverable in the same manner as arrears of Duty under Act XXXII of 1860.

XV. No person assessed for the payment of any Duty under Act XXXII of 1860, shall be liable to pay any Duty under this Act except for dealing in Tobacco.

XVI. Every person who shall collect any Duties under this Act shall make out an account specifying the amounts received by him, the names of the persons from whom the same shall be received, and the art, trade, or dealing exercised by such persons, and shall annually or at such other times as shall be ordered by the Collector or by the local Government, make a return thereof to the Collector.

XVII. The Government may authorize the Collector to allow to any person employed in collecting Duties under this Act and for keeping the account mentioned in the foregoing Section, such commission, not exceeding three per cent on the amount collected, as the Collector may think fit.

XVIII. All the provisions contained in Part XIX of Act XXXII of 1860, so far as they are applicable, shall have the same effect as if the same had been repeated and enacted in this Act.

XIX. All offences under this Act made punishable by any penalty may be prosecuted in the same manner as offences punishable by fines may be prosecuted under Act XXXII of 1860.

XX. Nothing in this Act shall be deemed to apply to any cultivator of land selling the produce of the land which he cultivates, so as to require any such person to pay a Duty or to take out a license under this Act.

XXI. Nothing in this Act shall be construed to alter or affect the provisions of any other Law or Regulation relating to licenses.

XXII. It shall be lawful for the Governor-General of India in Council from time to time to make rules for the guidance of Officers in matters connected with the enforcement of this Act, provided such rules are not inconsistent with any of the provisions herein contained.

XXIII. It shall be lawful for the Governor-General of India in Council to postpone, for such period as he shall deem necessary, the time for this Act to come into operation in any part of India.

XXIV. The word "India" in this Act shall mean the territories which are or may become vested in Her Majesty by the Statute 21 and 22 Vic. c. 106 entitled "An Act for the better Government of India."

The term "wholesale dealer" used in Schedule B of this Act means one who sells Tobacco in quantities of one maund or upwards in any one transaction.

A "retail dealer" in Tobacco is one who sells Tobacco in quantities less than one maund.

No wholesale dealer in Tobacco shall, in virtue of his wholesale license, be exempt from penalties for selling by retail without a retail license.

XXV. No part of this Act, except Section I, shall continue in force beyond the 31st December 1865. Provided that this Act and the said Duties shall not then cease with respect to any assessment which ought to have been made before the said last mentioned day, but which shall not then have been made and completed; nor with respect to any of the said Duties which shall have been assessed and shall then remain unpaid; nor with respect to any penalty before them incurred; nor with respect to any offence of which any person shall have been guilty before that day; nor shall the said Duties cease in any case when the assessments for the preceding year shall not have been completed before the said 31st day of December 1865. And that all the powers and provisions of this Act shall continue in force for making and completing all such assessments as aforesaid, and for levying and recovering the Duties so assessed or to be assessed, and all arrears of such Duties, and for the suing for, adjudging, and recovering any penalty which shall have been or may be incurred, and for the punishment of any offence of which any person shall have been guilty before that day.

No. 918 of 1860.—His Excellency the Governor General in Council has reason to believe that at some Stations there prevails amongst the Eng-

lish Soldiers of the Local Army a misapprehension as to the bearing which the provisions of a Bill lately proposed to Parliament by Her Majesty's Government will have upon the condition of the Non-Commissioned Officers and Men of Her Majesty's Indian Forces.

The Governor General in Council is able to state for general information that no change whatever in the condition of the Non-Commissioned Officers and Men of these Forces is provided by the Bill or contemplated by Her Majesty's Government.

It is the intention of Her Majesty's Government that the rights, privileges, and exemptions, of every man now serving in Her Majesty's Indian Forces shall, for the whole time of his service, remain precisely what they now are: that no man shall be called upon to serve out of India during the term of his engagement, but that at the end of that term he shall take his discharge, unless he shall desire to enlist into Her Majesty's Army for general service, which he will be free to do: and that during each man's term of engagement he shall not be required to serve otherwise than in Her Majesty's Indian Forces, and in such Arm of them as he has chosen for himself.

The intention of Her Majesty's Government in introducing the Bill is to put a stop to recruiting for Military Service exclusively in India.

The Governor General in Council desires to save the men of Her Majesty's Indian Forces from any mistake on a subject so nearly affecting their feelings and their interests, and with this view the present General Order is issued.

XXXV. The exercise of the right of passage for water on its terms, shall not give any proprietary rights whatsoever in the lands occupied by the beds, banks, or works of Channels to the employers thereof. All proprietary rights in, and responsibilities on account of, the land in question, existing before the exercise of the right of passage, shall continue in full force during and after the expiry of the period for which such right may have been granted.

XXXVIII. Wells situated within the protective distances specified in the foregoing rule, which may have been in constant use for Irrigation up to the time when water was admitted into the Canal, shall be exempt from all claims for water rate, provided their employers make no alterations in their dimensions, or other change in their ordinary condition, whereby the influx of Canal water into them may be increased beyond the amount due to natural percolation through the soil.

Wells within protective distances which have been used for Irrigation prior to admission of water into Canal, shall be exempt from all claim for water rent

XXXIX. Parties obtaining Canal water shall be bound in constructing their Channels, whether in their own lands or on the lands of others, to leave a clear space of twenty feet between the ordinary water marks of such Channels and the corresponding marks in the Channels belonging to others constructed previously to and in the vicinity of their own, and for the purposes of this rule, the distances above fixed shall be measured from water mark to water mark, at the points where these Channels approach nearest to each other in the Channels respectively concerned.

XLII. In all disputed cases arising on the application of the foregoing rules which must be decided on professional or scientific considerations, the decisions of the Executive Officers of Divisions, approved and confirmed by the Director, shall be final.

XLIII. In all cases of disputes on matters which involved no scientific considerations, the Executive Officers of Divisions shall make every effort to settle the differences by mutual agreement between the parties concerned.

XLIV. If settlement of matters in dispute by mutual agreement be found impracticable, then it shall be competent to Executive Officers to refer such matters to a Committee of arbitration, consisting of one Member for each of the interested parties, and one nominated by the Executive Officer of the Division concerned. In the event of an equal Division in the Committee, the nominee of the Executive Officer shall have the casting vote, but otherwise the majority shall decide, and their decision, after approval by the Executive Officer, shall be regarded as final.

XLV. On occasions of emergent necessity when serious accidents to the Canal Embankments or other works whereon the control of the Canal water depends, are to be anticipated, or when such accidents have actually happened, and the supply of labor obtainable under ordinary circumstances and by ordinary means is inadequate to prevent or repair such accident, then in consideration of the great public and private interests at stake, it shall be competent to Executives of Divisions to require, under the penalty stated in the following article, extraordinary assistance from any village using Canal water.

XLVI. The Proprietors and Cultivators of villages, on whom such a requisition may be made, shall be held to have forfeited their rights to Irrigation from the Canal, in the event of their failure to supply labor at the current rates of payment, in proportion to their population, for employment during the period for which the special emergency may last. It shall however be incumbent on the Director to restrict the application of this rule by Executive Officers to those formidable emergencies, against which only it is meant to provide, and on no account to allow it to be used, either directly or indirectly, as a means of procuring labor under any other circumstances whatsoever.

XLVII. The owners of Boats or Rafts entering the Canal without due authority shall be liable to a fine not exceeding twenty Rupees for each offence, and Boats and Rafts themselves shall be immediately removed from the Channel at the cost and risk of the owners.

Provides against Boats or Rafts entering the Canal without due authority.

Imposes double mileage rates on Rafts proceeding down the Canal unprotected by a Rowannah for the whole distance open to traffic at the time of the offence being committed.

XLIX. Double the proper mileage rates shall be leviable on all articles landed elsewhere than at the place or places specified in the Rowannahs, unless the permission of the Executive Officer concerned has been previously obtained.

Imposes double mileage rates on all articles landed at places other than those specified in Rowannah.

L. Double the ordinary mileage rates shall be leviable on all articles in excess of those specified in the Rowannah, and every fraudulent alteration of those numbers shall render the entire Raft liable to confiscation.

Imposes double mileage rates on all articles in excess of those specified in the Rowannah, and subjects Rafts covered by fraudulent Rowannahs to confiscations.

Rafts lodging accidentally against dams or other works, and thereby obstructing their free action, shall at once be broken up and removed by the Canal Establishment on the spot, but every assistance in reforming them shall be afforded to the parties in charge of Rafts. The owners or parties in charge of Rafts wilfully or negligently placed in like positions shall be punishable under Section V. Act VII. of 1845.

Prescribes measures to be taken when Rafts lodge accidentally against Canal works, and endanger their safety.

No. 926 of 1860.—The following Extract from the *London Gazette* of the 3rd August 1860 is published for general information :—

War Office, the 3rd August 1860.

The Queen has been graciously pleased to signify Her intention to confer the Decoration of the Victoria Cross on the under-mentioned Officers of Her Majesty's Indian Forces, whose claims to the same have been submitted for Her Majesty's approval, in consideration of their gallantry and distinguished conduct during the Operations of the Expeditionary Force in Persia in 1856-57, as recorded against their several names ; viz. :—

Regiment.	Rank and Name	Act of Bravery for which recommended.
20th Bombay Native Infantry	Captain John Augustus Wood Date of Act of Bravery, 9th December 1856	On the 9th of December 1856 Captain Wood led the Grenadier Company which formed the head of the Assaulting Column sent against Bushire. He was the first man on the Parapet of the Fort, where he was instantly attacked by a large number of the Garrison, who suddenly sprang on him from a Trench cut in the Parapet itself. These men fired a volley at Captain Wood and the head of the storming party, when only a yard or two distant from that Officer but, although Captain Wood was struck by no less than seven musket balls, he at once threw himself upon the Enemy, passed his sword through the body of their Leader, and being closely followed by the men of his Company, speedily overcame all opposition, and established himself in the place. Captain Wood's decision, energy, and determined valour, undoubtedly contributed in a high degree to the success of the attack. His wounds compelled him to leave the Force for a time, but, with the true spirit of a good Soldier, he rejoined his Regiment, and returned to his duty at Bushire before the wounds were properly healed.

[1965]

Regiment.	Rank and Name.	Act of Bravery for which recommended.
3rd Bombay Light Cavalry...	Lieutenant & Adjutant Arthur Thomas Moore and Lieutenant John Grant Malcolmson. Date of Acts of Bravery, 8th February 1857.	On the occasion of an attack on the Enemy on the 8th of February 1857, led by Lieutenant-Colonel Forbes, C. B., Lieutenant Moore, the Adjutant of the Regiment, was perhaps the first of all by a Horse's length. His Horse leaped into the square and instantly fell dead, crushing down his rider, and breaking his sword as he fell amid the broken ranks of the Enemy. Lieutenant Moore speedily extricated himself and attempted with his broken sword to force his way through the press; but he would assuredly have lost his life had not the gallant young Lieutenant Malcolmson, observing his peril, fought his way to his dismounted comrade through a crowd of enemies to his rescue, and giving him his stirrup safely carried him through every thing out of the danger. The thoughtfulness for others, cool determination, devoted courage, and ready activity shown in extreme danger by this young Officer, Lieutenant Malcolmson, appear to have been most admirable, and to be worthy of the highest honor.

No. 927 of 1860.—The under-mentioned men are admitted to Pension, as specified opposite to their respective names:—

ARTICLE II.

The French Government shall intrust the direction of its operations in every centre of recruitment to an Agent chosen by itself.

Those Agents must be approved by the British Government.

Such approval is assimilated, with regard to the right of granting and withdrawal, to the Exequatur given to Consular Agents.

ARTICLE III.

This recruitment shall be effected conformably to the regulations which now exist, or may hereafter be established, for the recruitment of laborers for British Colonies.

ARTICLE IV.

ARTICLE V.

The Government of Her Britannic Majesty shall appoint in those British Ports where Emigrants may be embarked, an Agent who shall be specially charged with the care of their interests.

In French Ports the same duty with regard to Indian subjects of Her Britannic Majesty shall be confided to the British Consular Agent.

Under the term "Consular Agents," are comprised Consuls, Vice-Consuls, and all other Commissioned Consular Officers.

ARTICLE VI.

No Emigrant shall be embarked unless the Agent described in the preceding Article shall have been enabled to satisfy himself either that the Emigrant is not a British subject or, if a British subject, that his engagement is voluntary, that he has a perfect knowledge of the nature of his contract, of the place of his destination, of the probable length of his voyage, and of the different advantages connected with his engagement.

ARTICLE VII.

The contracts of service, with the exception provided for by Section 4 of Article IX, and by Section 2 of Article X, shall be made in India, and shall either bind the Emigrant to serve a person designated by name, or to serve a person to whom he shall be allotted by the proper authority on his arrival in the Colony.

In such case, only one copy shall be given of all contracts of which the provisions are identical.

ARTICLE XII.

In the Ports of embarkation, the Emigrants who are subjects of Her Britannic Majesty shall be at liberty, conforming to the regulations of Police relative to such establishments, to leave the Depôts or other place in which they may be lodged in order to communicate with the British Agents, who, on their part may at any reasonable hour visit the places in which the Emigrants, subjects of Her Britannic Majesty, are collected or lodged.

ARTICLE XIII.

Emigrants may leave India for the Colonies to the East of the Cape of Good Hope at all times of the year.

For other Colonies they may leave only from the 1st of August to the 15th of March. This arrangement applies only to sailing vessels; vessels using steam power may leave at any time of the year.

Every Emigrant sailing from India for the Antilles between the 1st of March and the 15th of September shall receive at least one double blanket over and above the clothing usually allowed to him, and may make use of it so long as the vessel is outside of the tropics.

ARTICLE XIV.

Every Emigrant vessel must carry an European Surgeon and an Interpreter.

The Captains of Emigrant vessels shall be bound to take charge of any despatch which may be delivered to them by the British Agent at the Port of embarkation for the British Consular Agent at the Port of destination, and to deliver it to the Colonial Government immediately after his arrival.

ARTICLE XV.

In every vessel employed for the conveyance of Emigrants, subjects of Her Britannic Majesty, the Emigrants shall occupy, either between decks, or in cabins on the upper deck, firmly secured and entirely covered in, a space devoted to their exclusive use. Such cabins and space between decks shall in every part have a height of not less than five feet and a half.

No compartment shall take more than one adult Emigrant for every cubic space of seventy-two feet in the Presidency of Bengal and at Chandernagore, and for every cubic space of sixty feet in other French Ports, and in the Presidencies of Bombay and Madras.

An Emigrant above the age of ten years shall count as an adult, and two children from one to ten years of age shall count as one adult.

A place shall be fitted up for a hospital in every Emigrant ship.

Women and children shall occupy compartments of the vessel distinct and separate from those of the men.

ARTICLE XVI.

Each shipment of Emigrants shall include a proportion of women equal to at least one-fourth of the number of men. After the expiration of three years, the numerical proportion of women shall be raised to one-third; after two years more, it shall be raised to one-half; and after a further period of two years, the proportion shall be the same as may be fixed for the British Colonies.

ARTICLE XVII.

The British Agents at the embarkation, shall have, at all reasonable times, the right of access to every part of the ship which is appropriated to the use of Emigrants.

ARTICLE XVIII.

The Governors of the French establishments in India shall make such administrative regulations as may be necessary to ensure the complete execution of the preceding stipulations.

ARTICLE XIX.

On the arrival of any Emigrant ship in any French Colony, the Government shall cause to be transmitted to the British Consular Agent any despatches which it may have received for him, together with—

1. A nominal list of all laborers disembarked who are subjects of Her Britannic Majesty.
2. A list of the deaths or births which may have taken place during the voyage.

The Colonial Government shall take the necessary measures to enable the British Consular Agent to communicate with the Emigrants before their distribution in the Colony.

A copy of the "List of Distribution" shall be delivered to the Consular Agent.

He shall be informed of all deaths and births which may occur during the period of engagement, as well as of all changes of employer, and of all departures on a return-passage.

Every fresh engagement, or act of renunciation of the right to a free return-passage, shall be communicated to the Consular Agent.

ARTICLE XX.

All Immigrants, being subjects of Her Britannic Majesty, shall, in the same manner as other subjects of the British Crown, and conformably to the ordinary rules of international law, enjoy, in the French Colonies, the right of claiming the assistance of the British Consular Agents; and no obstacle shall be opposed to the laborers' resorting to the Consular Agent and communicating with him; without prejudice, however, to the obligations arising out of his engagement.

ARTICLE XXI.

In the distribution of laborers no husband shall be separated from his wife, nor any father or mother from their children under fifteen years of age. No laborer shall be required to change his employer without his own consent, unless he be transferred to the Government, or to the person who has acquired the property on which he is employed.

Immigrants who may become permanently incapable of work, either by sickness or by any other cause beyond their own control, shall be sent back at the expense of the French Government, what-

ever time may still be wanting to entitle them to a free return-passage.

ARTICLE XXII.

All operations of immigration may be carried on in the French Colonies by French or British vessels without distinction.

British vessels which may engage in those operations shall be bound to conform to all the measures of Police, health, and equipment which may apply to French vessels.

ARTICLE XXIII.

The labor regulations of Martinique shall serve as the basis for all the regulations of the French Colonies into which Indian Emigrants, subjects of Her Britannic Majesty, may be introduced.

The French Government engages not to introduce into those regulations any modification the result of which would be to place the said Indian subjects in an exceptional position, or to impose upon them conditions of labor more stringent than those prescribed by the said regulations.

ARTICLE XXIV.

The present Convention applies to emigration to the Colonies of Re-union, Martinique, Guadeloupe and its dependencies, and Guiana.

It may hereafter be applied to immigration to other Colonies in which British Consular Agents shall be established.

ARTICLE XXV.

The provisions of the present Convention relative to the Indian subjects of Her Britannic Majesty shall apply to the Natives of every Indian State which is under the protection or political control of Her said Majesty, or of which the Government shall have acknowledged the supremacy of the British Crown.

ARTICLE XXVI.

The present Convention shall begin to take effect on the 1st of August 1861, and shall continue in full force for three years and a half. In case of notice being given for its termination, it shall cease eighteen months afterwards.

It is understood that the stipulations of the present Convention relative to Indian subjects of Her Britannic Majesty introduced into the French Colonies shall be maintained in force in favor of the said Indians until they shall either have been sent back to their own country or have renounced their right to a return-passage.

And whereas a Convention was concluded and signed at Paris on the 25th day of July 1860 between Her said Majesty the Queen of Great Britain and Ireland and His said Majesty the Emperor of the French consisting of the same Articles, but limited to the emigration to the French Colony of Re-union from British India of Native laborers to the number of not more than six thousand:

And whereas it is necessary in order to give effect to the said Conventions that an Act of the Legislative Council of India should be passed

Provided that such approval of the Governor General of India in Council shall be assimilated, with regard to the right of granting and withdrawing the same, to the Exequatur given to Consular Agents.

III. The Agents so nominated and approved as aforesaid shall be authorized to act as Emigrant Agents at the said Ports respectively, and shall exercise all the powers conferred on Emigrant Agents by this Act.

IV. The Protector of Emigrants, at each of these Ports aforesaid, shall act for the British Government as Protector of laborers emigrating under the provisions of this Act.

V. The Emigrant Agents under this Act shall, with regard to the operations of recruitment which are entrusted to them, enjoy for themselves and the persons whom they may employ in the management of the said operation, all the facilities and advantages afforded to the Emigrant Agents for British Colonies.

VI. No Emigrant shall be embarked under this Act unless the Protector of Emigrants shall have been enabled to satisfy himself either that such Emigrant is not a British subject, or if a British subject, that his engagement is voluntary, and that he has a perfect knowledge of the nature of his contract, of the place of destination, of the probable length of his voyage, and of the different advantages connected with his engagement.

VII. All contracts of service made with laborers emigrating under this Act, except the contracts mentioned in Section IV of Article IX and Section IV of Article X aforesaid, shall be made in British India, and shall either bind the Emigrant to serve a person designated by name, or to serve a person to whom he shall be allotted by the proper authority on his arrival in the Colony to which he emigrates.

The following General Orders by His Excellency the Commander-in-Chief, dated Simla, the 21st August 1860, are re-published for the information and guidance of all Military Officers, attached to the Military Police of the North-Western Provinces:—

"In pursuance of instructions from Government, the Commander-in-Chief is pleased to direct that every Officer on applying for leave to Europe shall furnish with his application for leave, a Statement of his services in the Field, and also a Statement showing how he has been employed during his service.

"2nd.—In the former of these Statements, the Corps with which the Officer may have served on such occasion of service must invariably be specified; all General Orders publishing Despatches in which the applicant may have been mentioned in any way, are to be cited; and the Statement is in all respects to be so prepared, that reference to Official Records for substantiation of the entries may be easily effected.

"3rd.—In the other Statement called for, each appointment which the Officer applying for leave may have held during his service is to be noted, and the General Order or other authority by which appointed is to be quoted.

"4th.—Officers who have not the means of referring to General Orders to trace the orders, particulars, &c., which it is hereby required, they shall furnish, must apply to the Divisional Brigade Staff Officers nearest at hand, and by whom the necessary records may be possessed; and Officers are warned that this work cannot be entirely thrown upon the Adjutant General's Office, and that Statements which are not as complete as they possibly might be, will be returned for completion.

"5th.—In addition to the above Statements, all Officers applying for leave to Europe will furnish a declaration to the effect that their conduct has never been the subject of a Court Martial or Court of Inquiry, or if this cannot be certified, the facts of the case must be fully stated.

"6th.—Officers Commanding Divisions, Stations, and Regiments, are requested to see that all those respectively under their Command make themselves acquainted with this General Order; and all Officers concerned or cautioned to take timely steps for the preparation of the Statements required, in order that, when desirous of proceeding on leave to Europe, their departure may not be delayed from the absence of the documents: for any such delay and consequent inconvenience, they will only have themselves to blame.

"7th.—In cases of sudden and severe sickness necessitating immediate embarkation, the rule will of course be set aside; but in all other cases a strict observance of the provisions of this Order will be enforced."
